GAINESVILLE, FLORIDA, WEDNESDAY, JUNE 2, 1909

TEN CENTS A WEEK

## WESTERN UNION WOULD FIGHT AN INVESTIGATION

To Prevent Further Consumption of Valuable Time  
Resolution to "Probe" Laid on Table.

TALLAHASSEE, June 1.—The passage of a bill providing for certain changes of the primary election law was possibly the most important action taken by the House yesterday, outside of the failure of an effort to reconsider the vote whereby the Jacksonville charter bill was passed Saturday.

The House spent a busy day, though few bills were acted upon. The effort to call up the bill providing for repeal of a section of the statutes relating to the making and selling of pools at race tracks out of the committee's hands failed and it seems improbable that the measure will pass.

House resolution by Mr. Cash to allow the enrolling clerk such assistance during this last busy week as he shall see fit was passed.

House resolution by Mr. Hardee, stating that since the committee to investigate telegraph franks had never been appointed and that the W. U. T. and stated that they would fight any investigation of their files through the courts, and also pointed out one case in which Mr. Alexander had used a free telegram, he moved that this resolution be adopted. The gentleman accused stated that he had never used a complimentary frank on any telegraph, express, or railway company in his life and that any such accusation was false.

By motion of Mr. Calkins the resolution was laid upon the table, as Mr. Calkins said, to prevent further consumption of valuable time.

House Bill No. 764 was introduced by Epperson, to establish the town of Williston.

Senate Bill No. 63, Harris, to acquire and maintain a sanatorium for treatment of tuberculosis, was called up out of its regular order and passed.

### Those Free Passes.

The report of the pass judiciary committee was made to the House. The report declared that since some of the salaried men who seemed to have used passes had denied receiving them, others that they had not used them when received, and others that they were for legitimate service, therefore the committee could take no responsibility of saying who broke the law and who did not, therefore no names were submitted to the House and the report of the committee was received and spread upon the journal, while the communications of denial and explanation were received but not spread upon the journal, thus ending in no man's name connected with passes being put upon the journal at any time.

### The Primary Law.

House Bill No. 705, by Mr. Cash of

Taylor—An act to require certain sworn statements of campaign expenses from candidates in primary elections, making certain requirements in the form of ballots used in primary elections, requiring certain duties of inspectors in properly identifying persons to whom ballots are given in primary elections, providing for the absenting of employees from their work on primary election days, prohibiting candidates from making donations of things of value, prohibiting persons from distributing certain writing against any candidate in the primary on primary day, providing for compensation of inspectors of the primary in certain cases, prescribing for the violation of primary laws of this State by officials, electors and other persons, prohibiting the use or solicitation of money to influence primary elections, including payment of poll taxes; prohibiting tax collector from receiving poll taxes from persons other than the one owning it, and providing penalties for violation of the primary law by members of committees, inspectors and clerks of primary elections, and for the publication of this act.

The vote was finally taken and the bill passed, 48 to 17. An amendment placing "any" in place of "Democratic" party.

The measure is considered by many to be unconstitutional.

### A Resignation.

A resignation as chairman of the committee on miscellaneous legislation was tendered and read to the House by Mr. Malone giving reasons that he and another member of the committee had failed to agree as to the proper disposition of the bill repealing a section of the statutes relating to the making and selling of pools at race tracks.

Motion by Mr. Taylor to take the bill from the hands of the committee was carried.

Motion by Mr. Stokes to take out of its regular order for second reading was lost, a two-thirds vote being necessary.

Also a motion by Mr. Carn for a special order for the bill today lost by the same vote.

The legislative expense bill being introduced by Mr. Chase, the House adjourned.

### THE SENATE.

Thirty-five bills were passed to third reading by the Senate and fifteen were killed or withdrawn. This is a good day's work and kept the Senators busy through the entire forenoon and afternoon.

The Davis Bill, relating to the powers of the State Railway Commission, was among those acted upon.

The Wiggins bill for the protection

## CUTTING AFFRAY AT PARADISE MONDAY

TWO NEGRO WOMEN ENGAGE  
IN FREE FIGHT.

Warrants issued and Parties Arrested, But Trial Postponed Until  
Next Friday.

Electric Peoples, a negro woman of Paradise, was arrested and brought here yesterday charged with seriously stabbing another colored woman by the name of Rachel Johnson, also a resident of Paradise.

It seems that the women both conduct restaurants or boarding-houses for the colored laborers of the mill and they became jealous over the boarders, with the result that they became involved in a general fight that terminated with the above occurrence.

Owing to the weak condition of the woman that was stabbed, the case could not be called Tuesday, but the witnesses have all been subpoenaed and the case will come up for hearing before Judge Mason on Friday, provided the injured woman is able to attend.

In the meantime Electric will spend the time behind the bars, as she was unable to give bond for her appearance.

It has been only a short while since these two women were engaged in a similar scrap, but it did not reach the climax of the present melee, for no razors or knives were used.

of the gopher was one of the less important.

Senator Beard introduced resolution setting hours of Senate at 10 a. m., 3 p. m. and 8:30 p. m. Adopted. Among the bills considered on third reading were the following:

Senate Bill No. 323, committee substitute. Authorizing transfer of \$60,000 from board of health fund to the pension tax fund. To third reading.

Senate Bill No. 752, Henderson. Fixing hire of guards and bailiffs employed by sheriffs. Indefinitely postponed.

Senate Bill No. 386, Humphries. For relief of tax assessors of Dade, St. Lucie, Osceola, Lee and DeSoto out of general revenue fund. To third reading.

Senate Bill No. 272, Humphries—Reimbursing DeSoto county for expenses incurred in imprisonment of Isaiah E. Cooper. Indefinitely postponed.

House Bill No. 139, Wiggins of Escambia—To protect gophers. To third reading.

Senate Bill No. 431, Williams, by request—Protecting shad and sturgeon during spawning season. To third reading.

Senate Bill No. 306, Flournoy—Creating department of game and fish. To third reading.

Senate Bill No. 370, Johnson—Relating to supervisors of convicts. Indefinitely postponed.

Consideration of House Bill No. 606, Davis of Madison, relating to powers of railroad commissioner. To third reading.

No. 477, Flournoy, providing for inheritance tax. To third reading.

No. 481, Cook, providing that no fire insurance company's policy shall be voided by foreclosure proceedings. To third reading.

No. 136, Stokes of Escambia, relating to persons beating their way on railroad trains. To third reading.

No. 6, Carn of Marion, providing for investment by State Board of Education of principal of State school funds in certain obligation of counties. To third reading.

No. 216, Carter of Alachua, relating to challenge of jurors. To third reading.

No. 485, Buckman, making appropriation for payment of certain vouchers heretofore issued by Board of Control. To third reading.

## BANNER TRUCKING YEAR IN GAINESVILLE SECTION

Micanopy Shipped First Car of Cantaloupes of Season, Which Netted Growers \$450.

The following notes are taken from the current issue of The New York Produce News:

The farmers of Micanopy, Evinston and McIntosh have just finished a banner year in cabbage, lettuce, egg plants and peppers, and are now harvesting their cantaloupes and watermelons. The first carload of cantaloupes was shipped by W. D. Bobbitt & Co. This left Micanopy Monday, May 25, and was consigned to New York, and netted the growers \$450. The cantaloupes in this section are particularly good. Most of the growers planted the Netted Rocks.

The watermelons are particularly good and are of large size and very sweet. They are as good as ever raised in this section. Carload shipments will not begin until next week, as growers are waiting until they are fully matured, and by so doing feel they will command a better price.

The cantaloupes are running to a nice size, the vines are healthy and strong and there will be an even yield to the acre from every farm. There are comparatively few buyers in this vicinity and many growers will market their crops direct. A few offers of \$225@250 per car for watermelons have been accepted by some of the growers. Buyers who get their melons from this vicinity can rest assured that they will get their money's worth, not only in melons, but in cantaloupes. The cantaloupes are bringing \$2@2.50 crate in less than carload lots. Some of the cantaloupe shippers at Micanopy are W. D. Bobbitt & Co. and Joe Smith. Some melon shippers are the Melton Lumber Co., H. R. Stokes, E. E. Slappy and B. E. Harris. Some of the watermelon shippers at Evinston are Shettleworth & Son, Smith Bros., Wood & Evans, and Means & Kennedy.

J. H. Schneider & Co. of New York have purchased a 14-acre tract one mile from Micanopy. A. U. Hillearly is the general manager and has personal supervision. This company is fitting up one of the most complete truck farms in the State, and by next year a large acreage will also be planted to cantaloupes and watermelons. At present they have 75 acres in vegetables.

Citizens have appointed a committee at their own expense to go to Tallahassee to secure the necessary legislation to have the Atlantic Coast Line straighten the track between Gainesville and Ocala, so that Micanopy will be on the main line. At present the railroad runs three miles to the east, where transfer has to be made from Evinston by carriage to Micanopy, or you can get into the town by a spur track, which is very poor service. No doubt the railroad will soon make this change, as it will save five miles of track, making

a straighter line and better service and faster time between Ocala and Gainesville, passing directly through Micanopy, and will also open up over a thousand acres of good vegetable land which, no doubt, would otherwise lie idle for years on account of no transportation.

If proper legislation is secured and 1,400 acres more of fine truck land are opened, Micanopy will be one of the leading shipping points in the State. Evinston and McIntosh are already large shipping points. From Evinston in the neighborhood of 300 acres of vegetables were shipped this season. There were 100 cars of cantaloupes shipped during the season. They average \$1.50 a crate. There are 150 cars of watermelons to be shipped from this point. From McIntosh, three miles south, during the season there were shipped 20 cars of cabbage, 47 of lettuce, 20 of beans, two of cucumbers, eight of tomatoes and five of miscellaneous vegetables. Five cars of the beans were shipped under refrigeration.

The freight and express charges from Micanopy, Evinston, McIntosh and Simonton are exorbitant. Taking any standard bushel, the freight from Micanopy to Cincinnati is 61c and to Atlanta, a great deal less haul, 67c. The express rate from Evinston to Greenville, S. C., is 90c on a crate of cucumbers, while they will carry the same crate to New York for 80c and to Cincinnati for 66c. J. B. Simonton, who lives here, says: "What a market we could have if the express and freight rates were proportionately arranged. You can take all the small towns in the Carolinas, and even in Georgia, where a large volume of our produce could be shipped, if prices to these points were not a great deal higher than they will carry the same stuff to New York, Philadelphia or Chicago. It practically knocks out all our business in good markets where they want and need the produce, because the grower can ship his produce to these large markets at about two-thirds the rate, and does not stop to figure the price that he gets for it, which is generally about one-third to one-half less than we could get in the small places if the produce was properly distributed and we had reasonable express and freight rates."

J. D. Price of McIntosh shipped two barrels of cucumbers to T. L. Falley of Chester, Pa. They sold for \$11 in Chester. Mr. Price's return after paying freight and commission was \$2.70. The growers in this section can send two crates of any kind of produce, except cantaloupes, to New York just as cheap in proportion as they can send a car, as there are no carload rates to the East, except on cantaloupes.

## Governor Gilchrist Vetoes Schools Appropriation Bill

TALLAHASSEE, June 1.—Declaring the measure to be unconstitutional in his opinion, Governor Gilchrist has returned to the Senate with his veto, the Leggett bill, appropriating \$166,759.80 for the public schools of the State. The bill was for the purpose of relieving counties which paid out large amounts upon their schools in 1908 with the expectation of re-

ceiving State aid through 80 per cent attendance averages under the 1907 appropriations.

The Supreme Court knocked that bill out and left the counties in the hole. The present bill was prepared after weeks of investigation, and was believed to have worked around the objections raised by the court. The Governor, however, cites portions which he holds to be unconstitutional.

## Changes in Personnel State Board of Control

TALLAHASSEE, June 1.—Governor Gilchrist has appointed Messrs. Francis P. Fleming, Jr., of Jacksonville, P. K. Yonge of Pensacola and W. D. Finlayson of Old Town to be members of the Board of Control, which has charge of the State's insti-

tutions for higher education, each for a four years' term, beginning June 28, 1909.

## "FAT"-LEAN" GAME IS TALK OF THE CITY

"CAPT." DELL CLAIMS TOO MUCH  
"PRIVILEGE" LAST YEAR.

Will Have Something to Do With the  
Umpire and Not Let "Captain"  
Lynch "Have His Way."

"Capt." James M. Dell of the "Leans" will see that "Captain" Lynch of the "Fats" will not have the "walk-over" in the contest Thursday that he did in the last, for he says that he was influenced too much by "Captain" O'Neill being somewhat along his class.

That the game will draw largely there is no doubt, for a large number of players are already enthused over the game, and judging from the conversation on the streets the park will be well-filled for the occasion.

The teams for each side have not been fully completed, but the captains hope to finish them today and announce the players that will line-up in tomorrow's paper.

Considering the great amount of advertising and lots of pleasure that the citizens get out of a ball team, they should attend the game and lend encouragement to the boys in this initial contest, as it will be only a matter of a few days before you will have the pleasure of seeing the "real thing" for the season in the shape of the Oak Hills. Several of the new players are now showing up for practice work.

"Captain" Dell's Letter.

Following is the card from "Captain" Dell:

Editor Sun: I notice in this morning's paper an article supposed to have been inspired by an interview with Henry Davis, which, in reality, came from Postmaster Lynch, stating that the 'Leans' were badly beaten in the last game between the 'Fats' and 'Leans.' The fact of the matter is that Ed O'Neill, who was captain of the 'Leans' last year, placed a little too much confidence in Postmaster Lynch and allowed him the privilege of selecting the umpire. The umpire last year, as you well know, was partial to the ones who in this life have had easy times and have grown fat in consequence thereof, as is fully shown by the fact that he nominated at Chicago a man who is in his class.

"I have a man who has been fasting for forty days that I intend to use my influence to have him umpire the game Thursday afternoon, and if the 'Big Stick' Chubb and the 'Steam-Roller' Lynch will not kick on using a fair umpire the people will see a great, clean exhibition of the National game.

J. M. DELL, JR.,  
"Captain of the 'Leans.'

Gainesville, June 1, 1909."

### AN ENTERPRISING FIRM.

Lartigue & Weinberg Will Conduct  
Extensive Advertising Campaign.

Lartigue & Weinberg, the enterprising and progressive real estate dealers, are now placing their advertisements with many of the Northern and Northwestern papers, including The New York Produce News and other industrial publications with the view of inducing new settlers to visit our section of the State before locating and are trying to show and tell them of our unsurpassed advantages.

By right and judicial advertising they should have no trouble in inducing many progressive and industrious farmers from the Northwest to settle with us. Just such a move as they are making is what our section has needed for a long time. Before the summer is over they propose to be well advanced in an extensive advertising campaign, which must result in great advantages to this section as well as to their agency.

### PRISONERS WELL CARED FOR.

Sheriff Ramsey and Assistants Complimented by Wilcox Man.

Editor Sun: I am a novice so far as my knowledge of the conduct of county prisons is concerned. I never had an opportunity of visiting a prison of any description till recently. My impressions of it are that:

1st. The man who has it in charge has a great deal to look after and to think of, the safety of the inmates, what favors, if any, should be shown them, their health, their food, the sanitary conditions of the quarters. Looking over the situation as it exists at the county jail in Gainesville, I have decided that our efficient sheriff, P. G. Ramsey, and his corps of helpers, have the situation well in hand, and have mastered the art of dealing with it on humane principles. The kitchen is as clean as that of the average county home, the food is selected and cooked in about the same way as it would be by the average citizen.

2nd. My impressions of the unfortunate inmates are that nearly all of them would rather be somewhere else. Some manifest indifference, some manifest a forced cheerfulness, while others are in doubt about the outcome of their cases and make no effort to conceal their embarrassment. Upon the whole it is an undesirable place to board at, at any price, at any time.

## ARNOW MAKES GOOD "HAUL" ON SUNDAY

CAUGHT GANG OF NEGROES IN  
BIG SKIN GAME.

Marshal Says He Will Stop Them if  
in His Power, and is Working  
Hard to That End.

Monday's session of the Mayor's Court was another lively event, for Marshal Arnow had rounded up a bunch of the "high society" of negro gamblers and it caused a large number of the population to assemble at the temple of justice.

Among the bunch was Rev. Lem Hutchinson, a gambler and preacher by trade, who forfeited his cash bond of \$10 rather than face court.

Elliott Waters, another of the same crowd, was arrested for gambling, but he let his cash bond "slide," thinking it was the cheapest way out. Adolphus Hunt, John Hughes and Chas. Hill were the remaining members of this crew, and they also put up a cash bond of \$10 and let it "go."

Ernest Brown, charged with carrying concealed weapons, was let off with a fine of \$25 and costs, and the case against Manuel Johnson, charged with selling "booze," was continued until Tuesday owing to absence of witnesses.

Marshal Arnow is "hot" on the trails of some of the "bigger" ones and says that he intends to land all that he can possibly get any evidence against, including the "blind tiger" set.

### ARCHER NOTES.

ARCHER, June 1.—Mr. and Mrs. T. B. Pearson leave tomorrow for Leesburg and Bradentown to spend some time with their daughters.

Miss Esale Smith will leave this week for her home in Micanopy. She has been Mr. Bauknight's milliner for two years.

Mrs. Emma Hughes and daughter, Miss Grace, left Saturday to spend the summer in Tampa with Mrs. Ernest Hester.

R. B. Hodgson, Mrs. McLain, Miss Annie McLain and Miss Esale Smith spent Sunday in Micanopy with Mrs. John Merry.

Mrs. Carter and daughter, Mildred, of Martelle, spent last week with her sister, Mrs. W. E. Brown.

Miss Laura Means of Mikesville is expected today to visit Mrs. H. H. Newman.

Mrs. A. Duren of Largo is visiting her sons, Messrs. Turner and Jim Duren.

J. K. Tuten and daughter, Miss Lola, attended conference in Micanopy last week.

### Sore Nipples.

Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by all druggists.

### He Wasn't Fooled.

A once famous publisher was a man well acquainted with general literature, and it was often said of him that he never failed to name the author of any given passage. A would be wit, thinking to have a little fun at this gentleman's expense, told his friends at a dinner party before the said publisher's arrival that he had himself written some verses in imitation of Southey and that he intended to puzzle old F. with the question of their authorship.

Accordingly later in the evening the wag quoted his lines, and, turning to Mr. F., he said: "I am sure they are Southey's from their style, but I cannot remember where they occur. Of course you can tell us."

"I cannot say I remember them," replied Mr. F., "but there are only two periods in Southey's life when he could have written them."

"When were those?" asked the joker, with a wink at his friends.

"Either in his infancy or his dotage," was the quiet reply.

## WILSON SENT TO JAIL IN DEFAULT OF BOND

AMOUNT PLACED AT \$1,500, WHICH WAS NOT FURNISHED.

Seven Witnesses Examined by State and Defense in the Examination Tuesday.

L. F. Wilson, the "whipping boss" at the Baker convict camp, Campville, was ordered held by County Judge Mason Tuesday under a \$1,500 bond for his appearance at the next term of circuit court.

The hearing of this case occupied most of the afternoon and seven witnesses were examined, by the State and defense, the charge against the man being cruel punishment to convicts.

Capt. Baker, who is the lessee and who had the man in his employ, released him upon learning of this trouble.

Wilson is represented by Col. W. S. Broome while the State's interests were looked after by Attorney Rivers of this circuit.

The punishment upon conviction for this offense is a sentence not to exceed ten years' imprisonment or a fine of \$5,000, but friends believe that Wilson will come out of the difficulty, claiming that it was not the treatment that caused the prisoner's death.

Wilson has been unable to give bond and as a result is now confined in the county jail.

## CURED ITCHING PAINFUL HUMOR

Which had Spread Over Face, Body and Arms—Swellings were as Large as a Dollar—When they Broke, Sores would Not Heal—Suffered 3 Years.

## MADE SOUND AND WELL BY 3 SETS OF CUTICURA

"My trouble began about three years ago with little black swellings scattered over my face and neck. They would disappear but they would leave little black scars that would itch at times so I couldn't keep from scratching them. Larger swellings would appear in the same place and they were so painful I could hardly bear it and my clothes would stick to the sores. The first doctor I went to said the disease was scrofula, but the trouble only got worse and spread. By this time it was all over my arms and the upper part of my body in big swellings as large as a dollar. It was so painful that I could not bear to lie on my back at night. The second doctor pronounced my disease inflammation of the lymphatic glands. He stopped the swellings, but when they would break the places would not heal. He tried everything that he could but to no effect. He said I might be cured but it would take a long time. I bought a set of the Cuticura Remedies and used them according to directions and in less than a week some of the places were nearly well. I continued with the Cuticura Remedies until I had used three sets, and now I am sound and well. The disease lasted three years from the time it commenced until I was cured. Before Christmas something broke out on my seven year old brother's hands in the form of large sores. I tried everything I could think of but to no effect until I happened to think of Cuticura and one application cured him. Also, not long ago, my sister got a bad burn on her ankle. I have been using Cuticura on that and it gave her scarcely any trouble. O. L. Wilson, Puryear, Tenn., Feb. 8, 1908."

Warm baths with Cuticura Soap, gentle anointings with Cuticura Ointment and mild doses of Cuticura Pills, afford immediate relief and point to a speedy cure of torturing, disfiguring humors of the skin, scalp and blood of infants, children and adults, when all else fails. Cuticura Soap (25c) to Cleanse the Skin, Cuticura Ointment (50c) to Heal the Skin and Cuticura Resolvent (50c) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

### BEAT HIS WIFE.

Also Broke Up All of the Household Furniture Monday Night.

Henry Thomas "god bad" from too much booze on Monday night and endeavored to kill his wife, besides cleaned up all of the household effects of his home.

The woman made an exit before he landed many blows upon her, but those he did administer showed that he meant to handle her badly, as she is bruised and otherwise injured.

After the difficulty and the wife had left, he also took a sneak, and up to last night had not been located by Marshal Arnou or Policeman Owens.

### WOMAN, LOVELY WOMAN

But Alas, Without Beautiful Hair No Woman Can Be Handsome.

A great many newspapers and magazines are printing pages on how a woman can be beautiful and keep beautiful.

And everyone, as you can see for yourself, admits that no woman can be really beautiful unless she has lustrous and luxuriant hair.

The women of Paris are, as a rule, beautiful and keep beautiful, and a careful American observer who has traveled much claims that their beauty is due to their knowledge of how to keep their hair luxuriant, which they do by using a superior hair tonic.

Many American women are as wise as their French sisters, and that is why Parisian Sage, the quick-acting and greatest of all hair restorers and tonics is now having such a tremendous sale in America.

We ask every woman reader of this paper to give this marvelous hair beautifier a thorough trial, and we gladly make them this liberal offer:

Get a 50-cent bottle from W. M. Johnson today, the largest for the money in America. Use it as directed for two weeks. If at the end of that time you are not satisfied with results, say so to W. M. Johnson and he will give you your money back.

Besides being a delightful and invigorating hair dressing, free from grease and stickiness, Parisian Sage will surely cure dandruff, stop falling hair and itching of the scalp, or money back.

The girl with the auburn hair is on every package, and leading drug stores in every town sell Parisian Sage.

## MELTON IS ENCOURAGED OVER PRESENT OUTLOOK

STATES DEMAND IS INCREASING FOR PRODUCTS OF PINE.

Lumber Is Steadily Advancing in Price and Operators Will Soon Be Running.

C. E. Melton, who is a member of the Georgia-Florida Lumber Association, was here Tuesday and spoke very interestingly of the future outlook for the mill men.

To a Sun reporter he stated that within the past three weeks lumber has advanced from \$1 to \$3- per thousand, according to grade, and all of the members of the association are of the opinion it will soon return to its former price, before the days of the panic.

When asked about the mills starting operations, he replied that from reports received by him he thought he could safely say that all the mills that were in operation two years ago would soon be running on full time and selling all of their output, as the demand is increasing every day, and the prices are looking up considerably.

Mr. Melton stated that he personally knew of a dozen or more large concerns which have recently began operations again and among the entire number there is not one that is not receiving orders for all of its output, and that within the very near future, in his opinion, they would meet for the purpose of establishing a regular price on all of their timber and better protect their interests.

### Locate at Hawthorn.

The following is taken from a Madison county paper:

"Mr. Samuel Shaw and family, who, maybe all their lives, have lived in the Moseley Hall section of the county, leave this week for Hawthorn, in Alachua county, where they will make their future home. The removal of such a family is to be regretted. Mr. Shaw, for the past two years, has been one of our county commissioners and his official acts have met the approval of his constituents. The friends of the family greatly regret the removal and Alachua county will be the gainer in securing Mr. Shaw and his family as citizens and residents. May good luck attend them."

### Men Past Fifty in Danger.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint." J. W. McCollum & Co.

### Very Painful Accident.

Alexander, the little son of Mr. and Mrs. T. M. King, was busily playing in the Express office Tuesday and in some manner pulled down the heavy iron door to one of the safes and got his hand caught, cutting off the ends of two fingers. Dr. DePass was called and dressed the wounded members and is of the opinion that the fingers can be saved. Outside of the wounded member being bandaged, the little man showed no ill-effects from his injury and was playing in the afternoon the same as ever.

### Poor Milk

Is often thought to be responsible for an infant's loss in weight or general poor health. The cause usually is that the child has worms. They get the nourishment of the food and the baby starves, actually starves. White's Cream Vermifuge expels the worms and nourishes the child, sure and safe. Price 25 cents. Sold by W. M. Johnson.

Some article that is simply "In the way" at your house might, if advertised, be sold to someone who is anxiously looking for it.

### LOCHLOOSA NOTES.

LOCHLOOSA, June 1.—F. M. Coleman, a progressive merchant, returned home Saturday from the district conference at Micanopy.

J. C. Casteen has moved to Hawthorn to work on the A. C. L. section gang.

Rev. B. T. Rape filled his appointment here at the Methodist church Sunday. He preached an educational sermon, and it was enjoyed by all present.

Miss Cornelia Martin, one of Cross Creek's charming young ladies, returned home Monday after a pleasant stay with relatives and friends.

Mrs. Mattie Brinson of Dexter, Fla., is up spending a while with relatives. J. J. Haymans of Gainesville was down looking after his business interests Friday.

J. D. Caldwell returned home Saturday after a pleasant stay with friends and relatives at Micanopy.

Mr. and Mrs. C. V. Fowler entertained the young folks Friday evening in the way of a social. There were thirty-six present. The house was artistically decorated with ferns, palmettos and flowers of many different kinds. Many games were played, and all present greatly enjoyed themselves. The weather was fine which made it all the more pleasant. At 10:45 o'clock the guests bid their host and hostess good-night, thanking them for the very enjoyable evening.

A. C. Hayman has been on a visit from Reddick. He returned Thursday.

Born, to Mr. and Mrs. E. Upthegrove, a fine daughter.

## INSTANT RELIEF FROM DREAD CATARRH

Why don't you get rid of that nasty, humiliating disease catarrh?

You can do it if you really want to.

But you can't cure catarrh in a few days, that's an utter impossibility, because there is no remedy known that will kill the catarrh germs in that short time.

But you can cure catarrh if you will have a little patience and breathe in Hyomel, (pronounced High-o-me) three or four times a day.

Hyomel is a powerful antiseptic and germ killer air; it is made from the fluid extracted from the eucalyptus trees of inland Australia where catarrh has never existed.

It gives relief instantly, stops hawking in a few days and is guaranteed to cure catarrh, asthma, croup and bronchitis or money back. A complete outfit, including inhaler, costs \$1.00, and extra bottles of Hyomel if afterward needed, cost but 50 cents. Sold by leading druggists everywhere.

"Hyomel certainly saved my life and I accord it the credit which it deserves and merits. There is nothing too strong for me to say regarding Hyomel."—Mrs. Ada Hopkins, 8 Cutter avenue, Coldwater, Mich. August 22, 1908.

President Taft came very near being arrested the other day for picking flowers in the grounds of the Department of Agriculture. Even a President must keep off the grass in Uncle Jimmie Wilson's ballfield.

If an article falls from a shelf or table we instinctively put out our hand to stop it and replace it. Just as instinctively we should seek to hold up the man or woman who shows signs of falling. That would be far more helpful than letting them fall and then sit in judgment upon them.

When the New York papers showed a disposition to give undue publicity to the smuggling frauds of the sugar trust the trust promptly placed page advertisements in each of the dailies and the publicity ceased. The members of the sugar trust are diplomats, whatever else they may be.

The Quincy Times is making a fight for better sidewalks in its town, and says just what it predicted has occurred—a man has suffered the bursting of a knee-cap as a result of the dilapidated condition of a walk. This should cause the Quincy dads to get busy for a better sidewalk system.

Senator Bailey of Texas, explaining his vote for a tariff on lumber, said that the Democratic National Convention had no right to declare, in its platform, for free lumber, that such a declaration was an interference with the legislative functions of Democratic Senators and Representatives and that he did not purpose to be bound by the party platform.

The Sun has received a communication from Newberry relative to an article which recently appeared in this paper, requesting its publication, but since no name was signed to the same, and in accordance with the rule of The Sun to withhold from its columns communications without the author's signature attached, we are forced to withhold the same until this rule is complied with. We do not desire name of author for publication if he wishes it withheld, but simply as a matter of good faith.

Chicken experts in Kansas are viewing with alarm a strange retrogression of the Kansas "settin' hen," says The Kansas City Journal. It is said upon the authority of expert chicken men that after several generations incubator-hatched chickens lose the instinct to "set." No other theory is advanced for the reason why Mrs. Helpful refuses longer to perch herself upon a nice baker's dozen of choice eggs and warm them with outspread pinions until the miracle of nature is wrought again, save that the incubator has robbed her of the "settin'" instinct. This is a rather gloomy outlook, although there is a faint silver lining. The good housewife won't have to spoil her nice barrel of rain water by dousing into it at regular intervals some hen that wants to "set" all the time.

## THERE IS NO ESCAPE.

It is gratifying to learn that Congress is likely to complete the tariff bill by July 1, but it would be infinitely more so to know that it was to be a good bill. There has been much talk in the newspapers, not excluding some of the most prominent Republican publications, of President Taft's vetoing the tariff bill if it did not make good the pledges of the party, but such predictions are gradually subsiding and we fear the President is yielding to the blandishments of Aldrich and the rest of the high-binders in the Senate.

From a purely Democratic standpoint it would be gratifying to see the President sign a bill which makes a mockery of the voters and will so far outrage their feelings as to insure the condemnation of the people at the polls. From the broader standpoint of patriotism and philanthropy, in the best sense of the word, however, it will be deplorable if anything resembling the Senate bill is written on the statutes.

Whatever the bill may be which Mr. Taft signs it will remain on the statutes for years. This is inevitable. A Democratic majority may be elected to the House but it will be a long time before the political complexion of the Senate can be changed, and if the new tariff law robs the consumer for the benefit of certain favored manufacturers that robbery will go on for a long time. Therefore, even at the loss of political advantages, we hope to see the best possible tariff bill enacted. Incidentally, too, we should be sorry to see the President of the United States, regardless of the party which elected him, approve a measure "of perfidy and dishonor," or yield one iota to the men who are blatantly declaring that "there is no consumer."

A man was recently killed at an Eastern college by the hammer thrown in athletic exercises. Then the college proposed to abolish hammer-throwing as a part of its sports. Now the young man, who is an expert hammer thrower, complains bitterly. He says he has invested time and muscle in learning to throw the hammer, that he has paid his tuition, invested money in books and has even attended some lectures in the hope that he might win fame as a hammer-thrower and that if the college abolishes this form of sport it will be an injustice to an infant industry. Evidently that young man has been reading the tariff debates and has taken his cue from the Republican statesmen.

President Taft don't like brag-garts. When Governor Stubbs of Kansas boasted that he had defeated his opponent in the Kansas delegation, with the help of the President, by getting a man appointed in the Government service, Mr. Taft promptly dropped the man. Then the President appointed Elmer Dover, former Secretary of the Republican National Committee, a bank examiner. Mr. Dover boasted long and loudly and now the President has rescinded the appointment.

The President has urged John Hays Hammond, the notable mining engineer, to accept the post of Minister to China and Mr. Hammond has refused. Mr. Taft then asked Mr. Hammond to find for him the right man for the place. It is a peculiar commentary that the President should have so much difficulty in filling this place that he has to ask a civilian to find him a man.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. ## STATE PRESS COMMENT.

Eustis Lake Region: "In The Lake City Index of May 21st the editor comments on the Governor's message to the Legislature regarding the Wallace claim. We do not know how far the message was sent out to the State press, but had it come to The Lake Region its very length as mentioned by Editor Appleyard would have excluded it from our columns. We have not gone into the matter and its merits, but our opinion has been that the State should pay a promise given in good faith by its Governor and in this special case the sooner the better as it is using valuable time of our Legislature each term."

Lakeland News: "There are a few newspaper men in the State who are expressing gratification because the railroads will not be permitted to exchange transportation for advertising—on the ground that they 'will not be subjected to temptation.' 'It is not a good idea for newspapers to have passes,' etc. Why, bless your little gizzards, don't you know if you can be bought with a mileage book, you could be bought with ten dollars, real money? Let every newspaper man who is fearful that his integrity will not stand the test of a twenty-dollar mileage book, speak for himself alone, and not presume to speak for the honest, capable men of the Florida press, who do not sell their principles and independence every time they make a \$25 advertising contract."

The customs officials are finding all sorts of crookedness in the administration of the New York customs house. The sugar trust smuggling is almost a national scandal and innumerable instances of a minor character have been unearthed. The difficulty in preventing smuggling is that few men believe in their hearts that the Government is just when it imposes a tax on imports, and therefore, few have any conscientious scruples about violating the customs laws.

Circulars issued by the Southern Railway and the Georgia Southern and Florida Railway Company announce the appointment of O. J. Stephens as agent of the land and industrial department of these roads, with headquarters at Macon, Ga., the appointment to become effective June 5th.

## EQUATORIAL AFRICA.

How Hunters Dress Where There Is No Dawn and No Dusk.

We wore khaki for daytime and warm clothes for night when sitting around the camp, as after the sun goes down a great chill immediately settles down that makes winter clothing and a good big fire most essential.

During the daytime we always wore pith helmets, although sometimes early in the morning and late in the afternoon, when the sun is not at its maximum, a double terti felt hat may be substituted. It is far more comfortable than the helmet.

As additional protection we wore sun pads which covered the spine. These are merely heavy quilted strips that reach from the collar to below the shoulders, as we were advised that the effect of the sun was just as deadly at this point as on the head. I do not know what maximum the thermometer would reach in the sun, as I was afraid to leave it exposed when it got higher than a little above 150 degrees, as beyond that point there was great danger of breaking it. In the shade the temperature would be usually from 85 to 100 degrees, but there was always a breeze blowing, and the dryness of the air cooled one off quite rapidly as soon as one got out of the sun. It was always cold in the morning when we started out at the first peep of light, and we were usually shivering for a few minutes prior to the sun's appearance. Day does not dawn in equatorial Africa, but it bursts! It is dark one minute and full sunlight the next, and the reverse occurs in the evening, for the sun goes down and night comes on as if a curtain had suddenly been drawn down over the west, and the chill of night begins instantly.—Percy C. Madeira in Metropolitan Magazine.

## "A Sound Box."

Take an ordinary rubber band and stretch it between the thumb and forefinger of your left hand. If you pick it with the fingers of the right hand and let go suddenly it will make a sound which you can hear distinctly enough yourself, but which will not be audible to any one a few feet away. But if you were to fasten the elastic, with a pin at each end, to an empty wooden box, only not so as to touch the wood, and then twang it the sound would be much louder than before. That box is the sound box or sound board, and all stringed instruments have one in some shape or other.—St. Nicholas.

## HIDDEN DANGERS

Nature Gives Timely Warning That No Gainesville Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident:

Mrs. Elizabeth Moore, Madison avenue, Starke, Fla., says: "For some time I suffered from dull, nagging backaches and distressing pains through my loins. I could not rest well and arose in the morning feeling tired and worn out. My kidneys were sluggish and the secretions very unnatural. I at length procured Doan's Kidney Pills and they gave me the desired relief promptly. I have since been free from backaches and pains through my loins and my kidneys are normal. I am feeling better generally and give Doan's Kidney Pills the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## A Very Restful Rest.

Adolf Menzel, the German artist, was at one time engaged on a mural decoration. He had rigged up a scaffolding in his studio, on which his model was requested to stand. For two long hours the poor poseur stood up aloft in a most fatiguing posture. Menzel in the meantime worked at his sketch, heedless of the fact that his model was growing tired.

At length the model found it necessary to speak. "Herr professor," said he, "how about a recess?"

Menzel apologized profusely for his forgetfulness. "Certainly, certainly, my dear sir," said he. "Come down and rest yourself a bit."

The model had clambered from the scaffolding to the ladder, which led down from it to the studio floor.

"Stop!" cried the artist suddenly. "That pose is fine! Don't move a muscle!"

And once more the model was forced into strained rigidity, while the enthusiastic draftsman set about sketching him.

At the end of half an hour Menzel looked up from his work. "There," said he; "that will do nicely! Get back on the scaffold. We have had our rest. Let us get back to work again."

What the model said is left to the reader's imagination.

## Scotland and Horse Racing.

Scotland has been famous for its horses from the most ancient days. When Agricola defeated the Caledonians at the battle of the Grampians, A. D. 84, the Celtic enemy, as Tacitus relates, were exceptionally strong in cavalry and charioteers. Successive kings of Scotland did much to improve its native breed of horses, and in this connection it is not to be forgotten that the first Scottish king of England, James I., did more to improve the race horses in our island than was ever done before him or has ever been done by any individual since. James I. was the real author of horse racing as it has since been known in England. He it was who first established regular courses, and during his reign there came into being the code of regulations that led up to the modern laws of the turf. Nobody denies that horse racing has done much for the breed of British horses. It was a gift from Scotland.—London Answers.

## Sizing Up Bernard Shaw.

Bernard Shaw is thus immortalized by Charles Hawtrey, the well known English comedian: "Once on a time I had a mad desire to produce Shaw's play of 'You Never Can Tell.' I wrote to Shaw and asked his permission. He answered that he would come and read it to me. He did and began by saying that sometimes he thought it was the best play that ever was written and at others he considered it the greatest trash. Anyhow, he was of opinion that it was a pretty poor play and that if I produced it—well, I must take the consequences. Some time afterward I asked Shaw if I could compress the last act. He declined to allow one line to be altered or cut out. In view of certain contingencies I had at last to tell him that I couldn't produce the play. His answer was: 'Thank you so much! You have taken a great load off my mind.' Now, what are you to do with a man like that?"—Minneapolis Journal.

## THE SMART DRUMMER.

There Was Something Coming to Him, and He Got It.

"Gentlemen," said the drummer of druggists' sundries as he looked around on the half dozen men who were asking him for the latest story, "I believe I have felt about 400 different feelings in my life, and the balmiest one of all was the feeling that I had something coming to me and would get it if I stayed on the road long enough."

"And have you got it?" was asked.

"I have. I got it coming into Chicago. I was very comfortable in my Pullman when a young man came along and told me a plucky story and wanted me to buy his diamond ring. The game is older than the hills, and I was on in a minute—bought story and bogus diamond; willing to sell me a \$200 ring for \$30. I asked him where the green spot was in my eye, and while I was pluming myself the man in the other part of the section pulled out three tens and pocketed the ring. Did I look down upon him with pity and contempt? Did I smile? Did I grin? Did I ask him where his guardian was? Oh, yes—oh, yes, and he spoke up and claimed that the stones were diamonds and the ring well worth 200 plunks. It nettled me to see the ass so cocksure and to hear him say that of course I was no judge of diamonds, and I put up \$50 that he'd been done for. The conductor held the money, and when we got into town we made for a jewelry store. We took in four of 'em before I laid down. Same story in each place—ring worth \$200."

"And you lost your \$50?"

"Slick as slick."

"And there was a game in it?"

"Of course, you camel. Seller and buyer were confederates, and they probably worked the scheme six days a week. If I'd got ready to buy, some excuse would have been made to head me off. Yes, gentlemen. I had something coming to me, and I got it, and I feel relieved."—Baltimore American.

## Stomach Troubles.

Many remarkable cures of stomach troubles have been effected by Chamberlain's Stomach and Liver Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price, 25 cents. Samples free at all drug stores.

## Pride.

'Arry and his best girl were discussing recent events in the High street. Bethnal Green.

'Arry—Did you read the list of presents Ann Smith had for her wedding? 'Arriet—Yes, I did. The hidden for such as them 'avin' the wedding put in the paper! They might be bloomin' harlots. 'Arry—Fancy her mother giving her such a 'andsome present as a 'orse and trap! 'Arriet—Garn! It was a clothes'orse and a mouse trap. I've seed 'em. That's their bloomin' pride!—London Scraps.

## A Thoughtful Boy.

Anxious Mother—Johnny, is it possible that you, as sick as you claim to be, have eaten that whole rhubarb pie? Johnny—Yes, mamma. You know the doctor said my system needed rhubarb, and I thought I'd better take a good dose of it before I got any worse.—Chicago News.

## The Answer.

"Widow" and "window" are very much alike.

"Well, and what's the answer?"

"When I get near either I always look out."—Boston Transcript.

## The Health of Your Horse

will be best promoted—best preserved—if you are ready to give the proper remedy at the proper time. The proper remedy for all strains, sprains, or colic is Perry Davis' Pain-killer. The proper time to use it is when the trouble first shows itself. Be prompt and you'll not only save the horse suffering, but you'll spare yourself trouble and expense—maybe save a long time waiting. You ought to have a bottle ready. The new size bottle costs 35 cents; one larger, 50 cents. Be sure your druggist gives you Perry Davis'.

## Nervous Women

For nervous, tired women, we recommend Cardui. Cardui is a woman's medicine. It acts specifically on the female organs and has a tonic, building effect on the whole system. It contains no harmful ingredients, being a pure vegetable extract. If you suffer from some form of female trouble, get Cardui at once and give it a fair trial.

# TAKE CARDUI

It Will Help You

Mrs. W. W. Gardner, of Paducah, Ky., tried Cardui and writes: "I think Cardui is just grand. I have been using it for eleven years. I am 48 years old and feel like a different woman, since I have been taking it. I used to suffer from bearing down aches, nervousness and sleeplessness, but now the pains are all gone and I sleep good. I highly recommend Cardui for young and old." Try it.

## GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops. In the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Palme's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newman, all of which are reached by private conveyance.  
 Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

# TWO PIANOS AND A DIAMOND RING

## Total Cash Value, \$1,000.00

### To Be Given Away by the Merchants and The Sun to Citizens of Alachua County!

## Each Section Gets Prizes!

Contest to Close August 18, 1909

Realizing that all should share alike in the distribution, leading business houses have joined in the combination to give away Two Handsome Pianos and One Diamond Ring to residents of Alachua county in three different sections. These progressive firms will give One Vote for each penny spent with them.

In the event of a tie for any prize offered, a prize similar in all respects there-to will be given each of those tying.

THE A. R. HARPER PIANO CO. of Jacksonville, from whom the pianos for this contest were purchased, have agreed to offer extra prizes as follows: To the first five candidates in each district, excepting the winners of the capital prizes in the said districts, one certificate each for \$100.00 which will be redeemable in cash as a payment on any piano handled by them—the Everett, Harvard, Dayton or John Church Pianos. In addition to this they will give a certificate good for \$25 to all other contestants in the race, and will make special arrangements with anyone to take care of their paper on all purchases of instruments at the cash price.

**The Gainesville Section** Will embrace the city and suburbs and be confined to a radius of four miles in each direction. The winner in this district will be awarded a HANDSOME DIAMOND RING.

**Eastern and Southern Section** Will comprise territory from Fairbanks all points east and from Rochelle all points south—Waldo, Hawthorn, Island Grove, Campville, Micanopy, Lake View, Tacoma and all points along line of T. & J. Ry. ONE PIANO.

**Western and Northern Section** Will comprise all stations from Hague to High Springs, Trenton, Wannee, Wilcox, Bell, Newberry, Jonesville, Archer and all settlements covered by this area. ONE PIANO.

## Exciting Runaway.

The horse belonging to Dr. T. F. Thomas became frightened last night about 8 o'clock while standing in front of his residence on West Main street and ran down the street until he neared the store of the Gainesville Hardware Company. At this point the buggy was overturned but quickly righted and the animal took to the sidewalk and ran down until he reached Union street, going thence west until he was finally stopped. The buggy was completely demolished, and the animal slightly injured, but no one was hurt. Ralph Thomas had just gotten out of the buggy and gone in the house when the horse became frightened.

The attention of our readers is called to change in advertisement of the Alachua County Abstract Company, which appears elsewhere.

Mr. and Mrs. C. E. Melton and little daughter, Marguerite, of Micanopy, were here yesterday en route to their home from a visit of a few days to Jacksonville.

Rev. Geo. T. Taylor of High Springs is among the visitors to Gainesville. He has now engaged in the insurance business and states that he is meeting with fine success.

Dr. E. B. Howell of Newberry was among the visitors to Gainesville Tuesday. He states that it is very dry in his section and the farmers are badly in need of rain for the growing crops.

Sheriff J. P. Galloway of Ocala arrived in the city yesterday, having come up for the purpose of conveying a prisoner arrested on Friday and wanted in that county. He states that business is good in the Brick City.

Mrs. J. S. Crown has returned from Mayslanding, N. J., to which place she was called on account of the illness and subsequent death of her father, J. P. Taylor, who lived only a short while after her arrival in the Eastern city.

Mr. and Mrs. S. H. Hall have returned from a pleasant visit of a week to Ocala and other points and report having had a very pleasant vacation. Mr. Hall is one of the popular salesmen of Philfer Bros' racket store.
